REGINA

A photograph of a modern cable-stayed bridge. The bridge features a large, white, cantilevered overhang that extends over the roadway. The structure is supported by a series of tall, white, A-frame pylons connected to the bridge deck by numerous stay cables. The bridge deck is paved and has a white line marking. The sky is a clear, deep blue. The overall aesthetic is clean and architectural.

TANGRAM HB|F family

A nighttime photograph of a modern waterfront building, likely a sports or community center, illuminated by several tall, white stadium lighting towers. The building features a prominent white facade with a large, illuminated entrance area. In the foreground, a marina is filled with numerous small boats, including motorboats and sailboats, docked along the pier. The background shows a hillside with residential buildings and lush greenery, all under a dark blue night sky. The overall scene is vibrant and well-lit, showcasing the architectural design and the surrounding environment.
